**Agenda 4** **To consider and approve the appropriation of legal reserve and dividend payment for 2024.**

The Chairman requested Mr. Teerachai Phongpanangam, Group President, to clarify the legal reserve and dividend payment for the year 2024. Mr. Teerachai Phongpanangam reported to the meeting about the Dividend Policy of the Company as follow;

*"The Company has policy to pay dividend to the shareholders of no less than 50% of its net profit in financial statement after deduction of all reserves as stated in the Company's Articles of Association and related laws, subject to the Company's future investment plans and business expansion, including other necessity and suitability.*

*In addition, payment for dividend will derive from profits from disposal of investments or fixed assets of the Company or its subsidiaries. The management and the Board of Director will decide whether or not to pay dividend or amount to be paid by taking into account the Company's future investment plans and business expansion, including other necessity and suitability.*

*The subsidiaries' dividend payment policy will be the same as that of the Company."*

In 2024, the Company has a net loss attributable to the shareholders of the company according to the separate financial statements Baht 580 million and loss per share Baht 0.58. The managements proposed to the meeting that the legal reserve has been fully allocated as required by law. **Question :** Ms. Umachasaya Charoenchai, a proxy from Thai Investors Association, asked that when does the Company tend to return to pay the dividend and what are the performance indicators that will be a signal of returning to pay dividend?

**Answer :** Mr. Teerachai Phongpanangam, the Group President, clarified to the meeting that although the Company's consolidated financial statement showed the profit of Baht 133 million, but the Company has the provision of long-term debt for the dispute between the Company and the 13<sup>th</sup> Bangkok Asian Games Organizing Committee and the Sports Authority of Thailand of Baht 286 million, resulting in the separate financial statement showed the loss of Baht 580 million. However, the dividend payment must be paid from the separate financial statement. Therefore, the Company has to wait for the dividend received from the subsidiaries. It believes that the Company's situation will be better next year. The subsidiaries will start to make more profit, which will result in the Company's ability to pay the dividend.

**Resolution:** *The meeting considered and approved the omission of the appropriation of legal reserve and the omission of dividend payment from the 2024 operating results with the majority of votes of shareholders who attended the meeting and casted their votes as follows:*
